Herd have always looked after me well and it's always a pleasure to deal with them. Extremely professional and accommodating, nothing is too much trouble, there are always new vehicles coming onto fleet which gives a good impression to my clients.

**Ian Gill - Capital Removals**

Herd hire have been a commercial supplier to Whistl for the last 24 months; we have found them to be one of the best suppliers to date. We have a dedicated account manager, work shop contact and sales support team who are always contactable 24 hours a day. They provide an excellent service and are very innovative with delivery or suggesting new ways that will help both sides to continue the level of service we receive. I would recommend Herd Business as a supplier.

**Baz Barrett - Head of Transport - Whistl UK**

Herd Hire recently got me out of hole, they worked through the night to deliver 7 Luton's to my Aylesbury depot – fantastic service – I'll be increasing my fleet with them in the near future.
